

TUSCAN - 600

The distinguishing characteristic of the Tuscan Order is simplicity. When used in true architectural proportions, the height of the column, including capital and base, is seven diameters. Tuscan columns in antiquity are found on the Temple of Piety in Rome.

TUSCAN INTERCOLUMNIATION

Tuscan Columns are available in fluted or unfluted versions. They may be ordered in Vignola's architectural proportions as described above or in custom combinations of column lengths and widths as well as in non-tapered cylinders.

Square Architectural Columns and Pilasters to match detail of Round Tapered Columns are available.
